Address All Letters to the News Publishing and Printing Company

Any erroneous reflection on the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the management.

Obituaries and Resolutions of Respect of less than 100 words will be published free. For all matter in excess of 100 words a charge of one cent per word will be made. Count your words and remit with manuscript.

According to John Barrett, it costs the American ambassador to Great Britain \$75,000 a year to live and maintain his position. Subtract \$75,000 from \$17,500 and you will find how much the job pays.—Kansas City Journal.

It seems like the irony of fate that J. Pierpont Morgan, the money king of the world, should literally starve to death, yet that is what happened according to the dispatches from Rome. The end of Mr. Morgan again brings up the question: "Is wealth worth the struggle," and in his case the answer seems to be in the negative.—Muskeg Press.

The citizens of Ada want to keep in mind the fact that next Monday will be Trades Day. Every effort will be made to make the occasion a howling success and the city should turn out and help matters along in every possible way. Ada never did fall down on a proposition and we are confident that this one will eclipse any previous occasion of the kind ever pulled off here.

The congressional districting bill is dead. Gov. Cruse permitted it to die for want of his signature, and now the whole job must be done over again. The governor thought the bill passed by the legislature was too much in the interest of certain aspirants for congressional honors, rather than that of the people as a whole.

## Causes Much Disease

Advice about Stomach Troubles and how to relieve them.

Don't neglect Indigestion, for it may lead to all sorts of ills and complications. An eminent physician named that fifty-five per cent of all ills have their origin in a diseased stomach.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be one of the most dependable remedies known for indigestion and chronic dyspepsia. Their ingredients are soothing to the inflamed membranes of the stomach. Rich in Pepsin and Bismuth, two of the greatest digestive aids known to medicine, the relief they afford is very prompt. Used persistently and regularly for a short time, they tend to relieve pains caused by stomach disorders.

Rexall Dyspepsia Tablets help insure healthy appetite, aid digestion, and promote nutrition. As evidence of our faith in them, we ask you to try them at our risk. If they do not give entire satisfaction, we will return the money you paid us without question or formality. Three sizes, 25 cents, 50 cents and \$1.00. You can buy Rexall Dyspepsia Tablets in this community only at our store:

**GWIN & MAYS DRUG CO.**

The Rexall Store, Oklahoma City.

There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ordinary human ill—each especially designed for the particular ill for which it is recommended.

The Rexall Store is America's Greatest Drug Stores.

## A Young Explorer Who Added a New Race to the World's People.

In the "Interesting People" department of the April American Magazine appears an account of Vilhjalmur Stefansson, the young Canadian-born descendant of Vikings, who discovered the "Blond Eskimos" on the ice of northern Canada and proposes to spend the best twenty years of his life studying the secret of their origin. Following is an extract:

"Stefansson is the daring young explorer and scientist who discovered the 'Blond Eskimos,' thus adding a new race to the catalogue of the nations.

"The Far North always calls its children back again to the ice and snow. Stefansson's parents were born in Iceland, near Akureyri on the northern coast, within rowing distance of the Arctic Circle. They were schooled in the old Icelandic Segas of Erie the Red, whose son Leif had planted a colony to the west of the coast of America nearly five centuries before the time of Columbus. A year or two before Vilhjalmur's birth his parents emigrated to America and settled in Manitoba on Lake Winnipeg. Here Vilhjalmur was born, November 3, 1879, to be cradled in hardship. In 1880-81 a famine swept over Manitoba and took off their neighbors by scores. His brother and sister died of malnutrition, but Vilhjalmur survived. From his infancy he was inured not only to starvation, but also to intense cold. At Lake Winnipeg the

and it is very evident that there must be a new deal all the way around if any sort of deal goes through. Meanwhile Pontotoc county is in the old fourth district and Carter is the congressman to whom those hunting for a piece of federal pie must apply.

The News believes that the course of the commercial club in giving first attention to the agricultural interests of this section is an act of the greatest possible wisdom. To neglect the opportunities we already have and not use every possible means of developing our natural resources would be like the boy who tramped down the costly and rare plants in a flower garden while gazing at the stars. It is right to keep an eye on the stars of opportunity and hitch one's wagon to the first one in reach of a lasso but let us at the same time not overlook the details of the work at hand waiting to be done.

Attention is called to the call for a meeting of the traveling men of Ada appearing in this issue of the News. For sometime they have had under consideration the question of organizing a U. C. T. local at Ada and this meeting will probably settle the matter one way or the other. We sincerely hope to see this organization effected, for the traveling men are the greatest boosters a town can have. They see everybody and boasting being their specialty they are continually singing the praise of their home town where it will do most good. It would be a good investment if the city would pay for the charter of this local, as a showing of appreciation of the travelers and the work they are doing in the way of advertising Ada abroad.

The people of Oklahoma will soon have another opportunity of voting on the modification of Article 9, Section 9, of the state constitution.

Experience has demonstrated that the present constitutional provision is too radical and will always be a stumbling block in the way of new railroad enterprises.

As we understand it the new measure gives the corporation commission the power to pass on the matter of railroad consolidation and leases of one road to another.

The people living along the Oklahoma Central are especially interested in this matter, for as an independent line the Central can never be the road it would

if it belonged to a larger system like the Santa Fe. By cutting out the two line rate, thousands of dollars would

be saved annually in the way of freight charges, and much better service could be expected from the line.

The News is unequivocally in favor of the proposition.

thermometer reached 58 degrees Fahrenheit below zero, four degrees under the lowest temperature at Herschel Island, Stefansson's most northern station in the Arctic.

In 1881 the family crossed the line into North Dakota, and ever since

Stefansson has been loyal to Uncle Sam.

His determination and fondness

for books and study carried him

through school and college. Many

stories are told both of his achievement

in the classroom and of his jokes and pranks and boyish insurrections; for Stefansson has always

been a leader of men. In 1903 he was

graduated at the University of Iowa

and came east to Harvard for three

years of study in his chosen field of

anthropology, the study of the races

of mankind. For two years he was

assistant in the Peabody Museum at

Harvard, and published several

learned articles that attracted inter-

national attention. In 1906 he came

to New York, where he since has been connected with the American

Museum of Natural History.

Stefansson's first expedition to the

Arctic was in 1906, while the long

journey from which he has just re-

turned was begun in 1908. In all he

has tramped ten thousand miles. On

the ice of northern Canada, in regions

heretofore marked "uninhabited,"

Stefansson discovered hundreds of

Eskimos who had never seen a white

man before. These strange people

often themselves resembled white men

more than Eskimos; indeed they wel-

comed the explorer as one of their

own kind.

"Most remarkable was a tribe whom

Stefansson discovered May 17, 1910

called the Ha-ne-rag-mi-ut. Their

total number is about forty," says Mr.

Stefansson, "of whom I saw seven-

teen, and was said not to have seen

the blondest of the group. They are

markedly different from any Ameri-

can aborigines I have seen; they sug-

gest, in fact, a group of Scandina-

viens or North European peasants.

Perhaps better than my characteriza-

tion of them was that of my Alaskan

companion, who has worked for ten

or more years on a whaling vessel,

and who said, "They are not Eskimos

they are fo'c'sle men." Two of them

had full chin beards to be describ-

ed as light, tending to red, every one

had light eyebrows; one, perhaps the

darkest of all, had hair that curled

slightly."

"What is the history of this race?

How account for their European ap-

pearance. Are they the lost tribe of

and who said, "They are not Eskimos

they are fo'c'sle men." Two of them

had full chin beards to be describ-

ed as light, tending to red, every one

had light eyebrows; one, perhaps the

darkest of all, had hair that curled

## OKLAHOMA CITY ELECTS 1 REPUBLICAN AND 2 DEMOCRATS

Oklahoma City, April 2.—Complete returns from the thirty-six precincts, as tabulated by the Oklahoman, show that Guy E. Blackwelder, republican, was re-elected commissioner of public works in Tuesday's city election by a plurality of 1,125 votes over his nearest opponent, Henry M. Scales, and that Judge J. T. Highley, democrat, won the election as commissioner of public safety over O. A. Mischler, republican, by the small margin of 25 votes. The figures also show that the full list of democratic candidates for the school board, including the candidate for school treasurer, received substantial majorities or pluralities in every ward.

### FIVE THOUSAND DRUGGISTS

Unite in Opinion Regarding One Medicine.

If any one should know the value of a medicine it is the retail druggist who sells it.

Therefore, when over five thousand of the best retail druggists in the country recommend Vinol, our delicious cod liver and iron tonic, without oil, as the greatest tonic reconstruct and strength creator they have ever sold, it must indicate the value of Vinol.

We could publish columns of such testimony as the following:

Mr. E. C. Spens, druggist of Alpena, Mich., says: "Vinol gives better satisfaction than any medicine I have sold in my store."

We ask every run-down, nervous, debilitated, aged or weak person or any person suffering from chronic coughs, colds or bronchitis, to try a bottle of Vinol with the understanding that their money will be returned if it does not all do what we claim. ### DISTRICT ATTORNEY

#### BILL KILLED AGAIN

Oklahoma City, April 2.—The district attorney bill was killed again in the house of representatives Tuesday and the customary motion to reconsider was lodged. The measure failed on a straight vote in committee of the whole, and if it were an ordinary place of legislation and did not have more lives than the proverbial cat, would be pretty well dead by this time.

However, past experience in former legislatures as well as the present one, has demonstrated that death is to this bill but a rejuvenating draught and that it is never stronger and surer of finally passing than when it has just been killed about the third time. Consequently, the friends of the district attorney idea are not worrying.

Tuesday was a day of ill luck to other important measures in the house. The judicial redistricting bill

seems to have struck the rock of destruction in Creek county, which none of the neighboring counties will have in their judicial district, and the measure was finally recommitted Tuesday morning to see if Chairman McCrory could find a willing mate to the great county of oil and republicanism that lies to the southeast of Tulsa.

The two local option "retrenchment" bills, one to leave the matter of abolishing county officers and the other matter of abolishing township government to the voters of the respective counties, were sent to a special committee to investigate their constitutionality, the committee being composed of Speaker Maxey, Representatives Plinkham, H. H. Smith, T. H. and McGuire.

The bill by Messrs. Whitman and Baker abolishing the offices of township treasurer and clerk and conferring their duties upon the township trustee was killed in committee of the whole.

The house passed four measures to final roll call: by Searcy, to abolish the office of public defender; by Bond, and Dearing, to require men to present a certificate of freedom from certain diseases, upon applying for a marriage license; by Coyne, to require public officials to publish their public accounts. Each of these bills were matters of moment in the regular session. All were passed by the house but died in the senate.

### GOOD INTEREST IN NORTH ADA BAPTIST SUNDAY SCHOOL

North Ada Baptist Sunday school met last Sunday and all were present and ready for work when Bro. Rabon, our superintendent, tapped the bell for silence at 10 o'clock sharp. We are proud to say there were some new members present, and we hope to see several more new members come in next Sunday. We need you and it is your duty to come. Class No. 3 gained the banner last Sunday but look out No. 3, No. 2 will gain that present next Sunday.

Just a word to the teachers and officers of our Sunday school. Let each one be ready to welcome a stranger into our Sunday school. You know the Bible tells us to be careful to entertain strangers for we know not when we are entertaining an angel.

Sunday school was closed with a short prayer by Bro. Roberts.

Sunday night Bro. Pennington preached an excellent sermon to an interested congregation. He took for his text, Genesis 13:12, Bro. Pennington may our Father high up in Heaven ever brighten your path with brilliant stars is the prayer of the writer.

Bro. Holt of Durant will preach for us next Sunday morning at 11 o'clock and also Sunday night. TEACHER

## DEMOCRATS WIN IN CHICAGO ELECTION

Chicago, Ill., April 1.—Democrats swept the city in today's municipal election, returning twenty-two Aldermen and the Superior Court Judge, City Clerk and City Treasurer. The proposed bond issue of \$2,880,000 urged by the Hearst-Harrison factions of the Democratic party, carried by a small majority.

Republicans elected eleven Aldermen, Progressives three and Independents one. The Progressives had candidates in every ward, but failed to show strength, being out-voted by the Republicans by nearly three to one throughout the city. The Socialist vote was consistently scattered through all the wards and was not far below the Progressive total.

Alderman Michael Kenna, known as "Hinky Dink" was returned as usual, by an impressive total, getting 4,358 votes to the Progressive 711 and the Socialist 201. He had no Republican opposition.

Umpire—Little.

Time—Two hours.

It's a three-reeler at the De Soto this evening. The program is The Lure of the Violin, a stirring emotional feature all the way through. It is replete with adventure and required the services of hundreds of players and horses to produce. A most unusual plot. Williams & Rose will interpret this masterpiece in their inimitable manner. The picture is the sensation of the season.

#### ADDITIONAL LOCAL.

Mrs. S. C. McNair of New Albany, Kansas, and Mrs. Ray Ogle of San Benito, Tex., mother and sister, respectively of I. McNair, are visiting him and Roy Hastings and Frank Wright and wife.

This morning the News reported called around to see how the Purity Ice Cream Co. was coming along, and found the plant in active operation with preparations complete to handle a big business. Manager Conger gave the reporter a sample of the cream he is making and it was certainly A1 in quality. It is his ambition to turn out a product inferior to none and he is succeeding most admirably.

This evening the Majestic will have a feature quite out of the ordinary. It is a series of slides showing war scenes in the city of Mexico taken by a nervous photographer who was there when the bloody fights took place some weeks ago. These pictures will be explained by a lecturer. Two moving pictures as follows: Red Eagle, the Lawyer, and Bringing Home the Pup. The latter is a sure enough scream.

#### JAIL POPULATION DOWN TO A MINIMUM.

Sheriff Mitchell informs the News that today there were only four prisoners confined in the county jail. This is the lowest mark at any time in the history of Ada as a court town. At one time Sheriff Mitchell had thirty-seven in the county jail.

## DETAILS OF TUESDAY'S BASEBALL GAME

The Topeka-Ada ball game yesterday resulted in just what Manager Bobbitt Captain Taylor and the Ada Elks team expected—a defeat for our boys—but the intensity of the thing was somewhat disappointing. However, the home boys profited by the game, several defects showing up in their work which they will now seek to eliminate.

The game was too one-sided as a whole to justify a detailed description, yet our boys made a number of splendid plays which demonstrated an ability to play ball, and after the stage fright which possessed them when they bucked against the jay-hawker professionals yesterday, shall have been forgotten, they will play first class ball.

The game opened with Alderson pitching and Kyser catching for Ada, and Cockarahan and Crist for Topeka. Alderson has plenty of speed, but couldn't locate the plate, giving a number of bases on balls, but yielded only 8 hits, a good record for an amateur against the pros.

At the end of the fifth Donaghey took up the burden of tossing the horsehide and fared little better than his predecessor, the superior batting ability of the visitors being in evidence through the entire game.

Not only here in Ada but in our neighboring towns, the same good story is heard. An encouraging instance from Holdenville is given here, and will be read by us with great interest.

E. M. Allen, carpenter, Tenth and Cedar Sts., Holdenville, Okla., says: "I had all kinds of aches and pains, caused by disordered kidneys. My joints were so stiff that I could hardly move. I had a dull, heavy ache over my kidneys which clung to me day and night and rheumatic pains darted through my body. The kidney secretions were disordered and passed with a burning sensation. I used various kidney medicines, but Doan's Kidney Pills were the first remedy that gave me relief. I improved rapidly and on continuing their use I was soon well. I am pleased to confirm my former testimonial."

Cairo, Ill., April 2.—Word came shortly before 6 o'clock Tuesday night that a gap had gone out in the Big Four levee in the drainage district to the north. The opening is about 15 feet long. The result that awaits the district is that it will fill to a depth varying from 10 to 20 feet. The section has an area of about 7,000 acres and has many big manufacturing, mail order and lumber distributing plants. The territory was flooded last year, with a loss of about \$7,000,000. The residents had plenty of warning and
